president's report

Adaptation of the President's report tabled at the AGM

Before starting my Presidents report and overview of the previous financial year and the club's position and future, I would like to reflect a little on the history of our club.

The club has a history dating back to the 1920'S and we were recognised as IGFA members in 1947. It is fact that our club is one of only 5 original founding clubs in what is now known as the New Zealand Sports Fishing Council. While the club has run previously under various names before reaching our current title of Tauranga Sport Fishing Club, the purpose and values of our club have not changed.

The club was founded principally on the objectives of;

- Maintaining and furthering the interests of sport and recreational fishing
- Protect and preserve gamefish and their food supply
- Organize and conduct tournaments for the club and members
- Award certificates and trophies
- To develop the welfare of the club for all its members

There are other additional principal

objectives but those that I have given serve to cover the overall objectives and values.

I think there is little doubt that the past and current committee members and staff have done well in advancing and in many cases achieving these objectives. We have not lost sight that our club has been, and continues to be, built around the sport and enjoyment of fishing. This is the cornerstone of the club. We also recognise our social responsibilities for all our members.

Given the diversity of my report, I am going

to start by acknowledging serving members, loyal staff and sponsors, then trading conditions, financial results, challenges and future objectives.

Firstly, I would like to acknowledge the contributions of

- **Our Patron** – Jill Gray. Jill has epitomised this club's character. She has over many years dedicated much time and spirit to making this club special for all of its members. She has shown absolute dedication in supporting our club. Jill voluntarily relinquishes the position of our Patron this year. She already holds both a debentured life membership and an honorary life membership and has held every position possible in the club, including Committee, Club Vice President, President and since 2012, has been our Patron. Ian Thomas will speak further about Jill later in the meeting and we will honour her appropriately at that

time. I personally would like to thank her for her support and encouragement and most of all her friendship. She will no doubt still be around for many years and I still expect to see her parked on her stool at the weigh station.

- **Our Immediate Past President** – Tony Dolman. Tony has given many years of service to our club and has been a significant sponsor over many years. Tony has mentored and advised me and others over the course of this last year. He's even been known to occasionally give me a good telling off - possibly I needed it?

- **Our Current Committee Members** - Lee Lawson, Ken Wilson, Stephen Treloar. All of whom are staying on for another year, and potentially longer. We thank you for your past and continuing contributions.

- **Our Retiring Committee Members** - Greg Lee & Danny Sunkel. Greg and Danny are both

standing down after one year's committee service due to their business commitments. This is understandable and we do appreciate the time they have been able to devote to our club. Their support and guidance roles have been valued by me.

• **Our Retiring Club Captain** - Adam Milnes.

Adam over the years and more recently as Club Captain has been heavily involved in making our fishing tournaments some of the best in the country – we sincerely thank you Adam for your contributions. It is very sad that he has chosen to withdraw his nomination.

• **Our Retiring Vice President** - Eric Tait. As you will all know Eric has been a long-time supporter and sponsor of our club as well as serving on the committee and as vice president. We have been very fortunate to have Eric on board and while he is no longer standing for our committee Eric gives me his absolute assurance, he will be there to help wherever he can.

Secondly, I would like to acknowledge the contributions of

• **Our Sponsors Past and Current** - These are the companies and people who have financially supported our club and helped provide the facilities we enjoy today. We have certainly had great relationships and enjoyed strong ties with our sponsors over the years. The fact is – without our sponsors the club would not have been able to carry out upgrades, necessary maintenance, run significant fishing tournaments and met its financial obligations during the year. Despite our growing membership numbers, successful fishing tournaments and income from club generated sales, the club would not survive without our sponsors. Our committee and staff are committed to ensuring sponsors receive the very best possible value and coverage we can provide in return for their sponsorship. We ask all members to

please consider and support our sponsors whenever possible. Again, we have a great line up of sponsors for this year and we look forward to building a relationship together and having a lot of fun at the same time.

As a side issue – if you have considered or know of someone who would like to discuss potential sponsorship please speak with me or our club manager.

Moving on to financial matters, apart from sponsorship the club principally generates income from the following sources;

- Membership – in the form of annual membership fees
- Fishing tournaments - entry fees and trading receipts
- Our annual Grid Auction
- Gaming machines
- Bar sales – beverage sales
- The Restaurant and catering

Worthy of noting is that any clubs liquor licence has specific requirements around providing suitable food. I believe you will know and agree that it is fact, and well publicized, that many clubs are suffering from lower sales, generating less income. Part of this decline is due to lower beverage sales particularly with the tougher drink drive laws and lowering of blood alcohol levels, I am not saying this is wrong, only stress to you that it is a fact that we must live with.

We are not immune to this trend and we have, and continue to suffer from, both declining bar sales and restaurant / kitchen sales. Both income streams have over recent years continued to show declining income trends. These are our 2 areas of biggest concern. They are the primary reason for the club's financial loss for our 2018 financial year and again for our 2019 financial year.

You should rightfully ask why and how these losses have occurred. We lost our external catering company nearly some 2

years ago. They said they couldn't make it work, as did their predecessors. At the time we couldn't find a suitable replacement. The decision was made to bring this in house, to staff and manage it through the club, internally. We have done that now for nearly 2 years and despite our very best attempt this simply hasn't worked. The restaurant not working well has also reflected in our lower beverage sales, which has compounded our financial loss.

The position is that for the past 2 years, the club has run at a financial loss and is continuing to do so. We have not sat on our hands and done nothing. History will demonstrate that the club has suffered financial losses in previous years for one reason or another, so this is not a first-time event, we have faced financial issues before.

This leads me on to talking about the Advisory Panel appointment.

Over recent years the various committees have considered having a board or panel of members separate to our committee to manage and or provide their advice and experience on specific matters. We instigated initial discussions during the year and just over 2 months ago the committee met with two past Presidents; Kevin Stevens and Ian Thomas and two long term club members and sponsors; Bill Cavanagh and Tony Kinzett.

All are well versed in different aspects of corporate and private business, club and company governance. The committee endorsed the appointment of these people to be appointed as the Advisory Panel. There are written terms of engagement, including timeframes, which have been agreed between the committee and the Advisory. These have been signed off by all concerned.

Since the appointment, the Advisory have made recommendations including a non-negotiable request that it be agreed

that the restaurant - kitchen / catering be outsourced and be advertised for expressions of interest. I am pleased to say this has been done and we, with advisory members, are already meeting with several interested parties.

In addition, Ian Thomas, an Advisory Panel member and to be endorsed today as our new Patron, is working day to day with both myself and the club management team. I mention this to give you an example of how effective and focused this additional support has already proven. The Advisory Panel are reviewing the entire operation of the club with initial focus on the club's financial position. They have made some financial recommendations; I will speak more on that shortly.

Already their suggestions and recommendations include items such as;

- Membership Surveys – local members versus out of town members. These will be generated shortly and we encourage all members to take the time to give us your feedback.
- Club Affiliations – there is a very strong belief that there be no change to The New Zealand Sports Fishing Council affiliation at this stage, though we must continue to seek reciprocal arrangements with other like-minded clubs and organisations.
- Our Constitution – The Advisory have suggested our constitution be reviewed, updated and refreshed. They have offered to work with the committee to present an updated version through this coming year for members to consider and vote on at the next AGM. This is something we have talked about for three years or more and this still needs to be done.
- Advisory oversight on the club operational matters – such as trading hours, and we jointly signal that there may well be some changes to these in the near future

president's report cont...

- A full review of the clubs operating structure and divisions, then provide an overview and their recommendations.

As President I believe this is not before time, very much needed and we have agreed to these suggestions and recommendations.

The club during profitable times set aside funds to be invested and this is protected in the club's constitution. These funds, a sum equivalent to one years' working capital at the time, were set aside to cover a need in difficult times.

We are facing difficult financial times now.

The Advisory Panel and committee have considered the clubs financial position and will submit a motion under general business to break the Investment held with ASB to repay all outstanding debt and provide capital as we work through the financial and operational matters to bring the club back to break even then profitability.

What does this mean?

It means the Advisory Panel without personal obligation or liability have been appointed to manage and oversee the financial and operational running of the club. The Club, under my guidance as the President, will still be run by the management committee that you as members voted for and that committee will form specific sub committees and appoint chairs of those committees. Others from the general membership will also be invited on to these subcommittees. This will bring focus, experience, skill and youthful enthusiasm to each part of our clubs' operation. The Advisor Panel will work with all elected members and individual committees to provide guidance and advice.

For the size of our club I see this as a natural progression and a great step

forward. What I and the Advisory Panel do want to emphasize is that they are not on the committee or the face of the club. They respectfully do not want to engage with members over club issues, these still need to be directed to us. Any issues or comments members have should be addressed to either myself, a committee member, or our club manager.

Before moving on to receiving the financial statements I want to summarize my report.

The club continues to attract and maintain strong sponsor loyalty and support. We are fortunate to again this year attract excellent candidates to stand for the committee and others who have offered subcommittee support. Our club membership continues to grow. Statistics support this. The club has run many successful fishing tournaments this year as well as other significant events.

We also know the issues and we are addressing them. Clearly the Club is facing financial difficulties. I and the committee acknowledge this and are working with urgency to address these, with a clear plan. The appointment of the Advisory Panel is a significant step forward and recognises that we are not just a club, but a significant business as well. We require good business acumen in our governance model. Criticism and looking to apportion blame are not forward thinking or positive steps. Now is the time that we need to take positive action and take this club forward with a new model of governance. This is a courageous move that will set us apart from other clubs, and portray this club as having a forward thinking leadership model.

Deryk Nielsen
PRESIDENT

This past year has certainly been the most challenging in my time with the Club, with the additional challenges that the restaurant has presented.

The decision of our previous contractors to move on 18 months ago represented what we thought was an opportunity to run our own restaurant and take full control. This was supported by most members initially and the early months, although not profitable, it was eternal optimism that drove us to improve and try to make this space perform or at least break even. After 18 months of trying and considerable losses, it was clear the club needed to return to an owner/operator structure for the Club to perform. So yes, this was the end to an unsuccessful experiment. But I'd like to take the opportunity to say thank you to those that supported us through this time and it was heart-warming to know that through thick and thin it's our absolute goal to have a thriving club in what is a very difficult climate for Clubs in New Zealand.

Even with the past years poor result, there are encouraging indicators there that suggest that with good plans and management we shouldn't be quick "to throw the baby out with the bath water". Gaming was at a seven year high and our licence renewal is all but guaranteed (something we always struggle with). Membership subscriptions continued to have modest growth, raffle sales have turned the corner and improved this year (thanks to Ken Wilson, Steven Treloar and Lee Lawson) and cash sponsorship and tournament receipts have continued to grow year on year.

One of the key highlights for me this past season was running the best One Base in recent times, with the wonderful support

of Stoney Creek. We have a fantastic photobook and promotional video that details all of the great fish caught from this years' One Base, which featured a superb run of large Blue Marlin including Adam Milnes 300.2kg fish.

Another success this past year was the acquisition of the VHF Channel 3 and Channel 5 licences. The support for particularly Channel 3 has been massive with members donating towards new VHF repeater and finally our corporate sponsors getting this project through to completion. Namely; Viano - Bill & Trish Cavanagh - Landscape Supplies 15th Ave, - Wet Sounds - Venture Developments - Smart Marine - Tauranga Round Table - Forklift HQ. Also I would like to acknowledge the great working relationship with the Tauranga Coast Guard, The Tuhua Trust, Netcom and

Mobile Systems. With the support of all of these parties we now have 'the Fishermans Channel' a brand new repeater stationed on Mayor Island. The repeater is there for transmitting our tournaments and to serve all boaties, keeping us safe and connected on the water.

The new committee are full of excitement and enthusiasm and it really looks to me like the poor result from last year could be likened to an All Black loss. Whereby we already have re-grouped, we have a plan and we are looking to execute it. We look forward to having the support of the members and reporting on a much better result in a year from now. Part of this plan has been the establishment of a newly formed Advisory Committee. Guidance from

this group will be instrumental as we seek to get feedback from members on a number of topics, examine Club structures and review our constitution.

The Tauranga Sport Fishing Club has great bones and a wonderful network of support. Please introduce us to your guests, friends and business colleagues as we look to increase patronage and the use of our Club over the coming year. We are looking forward to the next 12 months as you should be with us.

We look forward to seeing you back down at the Club in the very near future.

Warm Regards,

Roly Bagshaw

club information

As a member of the Tauranga Sport Fishing Club you are entitled to enjoy the clubrooms situated at 66 Keith Allen Drive, Sulphur Point Marina Tauranga.

The following information is designed to assist you on future visits to the club.

FACILITIES

The Club has a bar & lounge area with big screen TVs, a pool table, gaming room and designated kids zone with Xbox, Netflix, colouring and toys. We have an outside patio as well as a roof top deck offering magnificent views of Tauranga Harbour and the Mount. Our restaurant 'A Buoy' has a delicious set menu, as well as offering catering, buffet and platters on request to suit your booking. We also have a smaller intimate conference room that is available for hire and offer free wifi throughout the club.

throughout the year with great prize pools and awesome competition. Our weigh station is available most days during office hours – best to give us a call with your ETA and we will endeavour to have a weighmaster available.

Other Club activities include club nights on Tuesday and Thursday each week (with the members draw and raffles), quiz nights, free presentations and seminars, bands, wine tasting and Firsty Friday happy hours and Annual Ham draw (remember to swipe your card on Club nights!) so there is plenty of reasons to come down and enjoy your Club.

TOURNAMENTS & EVENTS

We hold regular fishing tournaments

DRESS & BEHAVIOUR CODES

As a Club with a strong family membership,

a high standard of behaviour is expected. Foul language, drunkenness and disorderly conduct will not be tolerated

We encourage members to bring their children into the Club, but do ask that they are supervised at all times and that their behaviour does not interfere with the enjoyment of the club by other members

As a fishing club, dress standards are comfortable casual. However beanies, sleeveless singlets (males), dirty work boots, bare feet and smelly fish clothing are not permitted.

VISITORS

As a member of the TSFC you may bring as many non-members to the Club as you wish up to a maximum of three visits in any 12 month period. You are responsible for your guests and you are asked to please have them sign the 'Visitors Book' located in the Club foyer.

CORRESPONDANCE

The club's 'Weekly News Flash' is emailed

every Friday and the club's quarterly magazine 'The Gamefisher' is available in print form or via email. These will keep you up to date with all the club catches and records as well as upcoming events. Contributions of editorial or informative material are welcomed and encouraged. Material for inclusion can be left with any of the TSFC staff. There is also advertising space available in 'The Gamefisher' at very reasonable rates.

MEMBERSHIP BENEFITS

Your club subscription includes membership to NZ Sport Fishing Club and International Game Fishing Association which allows us to put your catches forward for NZ and World records claims. Subscriptions include \$9.00 (\$5.50 Junior) affiliation fee with the New Zealand Sport Fishing Council and \$1.00 (\$0.50 Junior) donation to NZ Marine Research Foundation. You have the use of TSFC VHF Tournament Channel 3 & 5 and reciprocal visiting rights to other NZSFC and IGFA Clubs both in NZ and overseas.

Bar/Restaurant may close earlier at the Duty Managers discretion

club records, pins, points & trophy rules

GENERAL

1. The season opens on 1 July and ends on 30 June.
2. Eligibility: Only full financial members of the Tauranga Sport Fishing Club are eligible for Club Pins, Points, Records and Trophies.
3. Fishing Area: (Inside & outside Chart 54). Only fish caught within the TSFC stated fishing area shall qualify for Club Pins, Points, Records and Trophies. The area is all water encompassed in the Hydrographic Chart NZ54 - Cuvier Island to East Cape. Fish caught outside Chart NZ54 within NZ Territorial waters only qualify for trophies. (2) that relate to outside Chart NZ54.
4. Weigh station: The recognized weigh stations are the Tauranga Sport Fishing Club Clubrooms at Sulphur Point, and all NZSFC affiliated clubs in the Bay of Plenty / Coromandel region.
5. Catch cards: A Tauranga Sport Fishing Club official catch card, correctly completed, must be presented to the weighmaster with the fish or tag and release card.
6. Tackle: Anglers presenting fish at the weigh station are required to have the rod, reel, line/trace, and gaff used for the capture available for inspection by the weighmaster. In the case of record claims, these items must be presented with the fish. The weighmaster will require a line sample for testing.

CLUB PINS

Pins shall be awarded to annual winners for Men's, Women's and Junior's sections in the following categories:

Club Pin Fish (silver pin)

- Snapper (Line weight 15kg and under)
- Other Gamefish Species
 - Heavy Tackle (HT) Line weights 15kg and over (ie 15,24,37 and 60kg)
 - Light Tackle (LT) Line weights 10kg and under (ie 1,2,3,4,6,8 and 10kg)
 - Tag & Release first marlin

Club Record (Gold plate)

NZ Record (silver pin with ruby eye)

World Record (gold pin)

World Record 2nd catch on same day (gold pin with diamond eye)

No angler shall be awarded more than one pin for any species on one day. No angler shall be awarded more than two pins (one for the first and one for the heaviest) fish of the same species in any one season.

7a. SNAPPER Line weights of 15kg and under.

A silver pin shall be awarded to the angler who catches the first qualifying snapper in each line class

i.e. 1, 2, 3, 4, 6, 8, 10 and 15kg line classes.

A Fish weighing heavier by 100 grams also qualifies for a pin. There is a maximum of 2 pins per angler per line class.

To qualify for pins and trophies the fish must have a minimum weigh of 4kg for line classes of 4kg and over or if under 4kg the fish must exceed line weight in each class.

7b. HEAVY TACKLE (HT) Line weights of 15kg and over

A silver pin shall be awarded to the angler who catches the first qualifying fish of each species in each line class i.e. 15, 24, 37 and 60kg line classes.

Each qualifying fish subsequently caught weighing heavier by half a kilogram or more also qualifies for a silver pin.

To qualify for pins and trophies, the fish must equal or exceed the breaking strain of the line and the following minimum weights/length:

Marlin 90kg Broadbill Must exceed line weight

Sharks 90kg Tuna 15 kg Y/T Kingfish 1 meter

The following species, fish must exceed the minimum weight, but do not have to exceed the line weight:

Albacore 7kg S/B Spearfish 10kg

Mahimahi 4kg Wreckfish 10kg

IGFA Braid Top-shot rule applies for pins points and trophies. BRAID line under 15kg used in a capture of a fish must be recorded as 15kg. And every line class above 15kg rounded up one line class from here. IE 15kg recorded as 24kg, 24kg as 37kg and 37kg as 60kg. Braid rated higher than 37kg will not be recognized for Club pins or points.

7c. LIGHT TACKLE (LT) Line weights 10kg and under

A Silver pin shall be awarded to the angler who catches the first qualifying fish of each species in each line class i.e. 1, 2, 3, 4, 6, 8 and 10kg classes.

Each qualifying fish that is subsequently caught weighing heavier by 5 points also qualifies for a silver pin.

The basis for pins and trophies for this section shall be the IGFA points system i.e. the weight of the fish multiplied by 100 and divided by the breaking strain of the line.

To qualify for pins and trophies the fish must equal or exceed the breaking strain of the line except for the following species, which also have minimum weights:

Sharks 30kg Albacore 7kg

S/B Spearfish 10kg Marlin 90kg

Mahimahi 4kg Tuna 10kg

Y/T Kingfish 1 meter Wreckfish 10kg

club records, pins, points & trophy rules

7d. TAG and RELEASE fish

A Silver pin will be awarded to the first angler to tag and release a marlin.

All tag cards and TGFC catch cards must be accompanied by a photograph/video clearly showing the tag in the fish.

A tagged and released fish is recognized by the TSFC as a caught fish i.e. if the first billfish of the season is tagged and released, it will qualify for the first billfish of season trophy. This applies for billfish only.

8. CLUB RECORDS

A Club record shall be awarded to the angler who catches the first qualifying fish of each species in each line class i.e. 1, 2, 3, 4, 6,8,10,15,24,37 and 60kg. Each qualifying fish that is subsequently caught weighing heavier by 500 grams also qualifies for and replaces the current Club record.

To qualify for Club records the fish must be caught in accordance with IGFA international angling rules. Only monofilament can claim Club records or adhering to the IGFA Top-shot rule.

The minimum accepted weight for any Club record catch claim is 0.453kg (1lb).

A list of all current Club record holders is held on the Club's records board in the clubrooms and published on the Club's website.

9. POINTS (Angler and Boat)

Points shall be awarded to individual anglers and boats for all qualifying fish weighed and tagged & released. Points will accumulate towards annual individual angler and boat totals.

Points shall be awarded for qualifying fish weighed based on the IGFA points system i.e. the weight of the fish multiplied by 100 and divided by the breaking strain of the line.

The following points shall be awarded for fish tagged and released:

Billfish 400 point	Shortbilled Spearfish 150 points
Shark 100 points	Tuna (Yellowfin, Big Eye, Bluefin) 150 points
Mahi Mahi 50 points	Y/T Kingfish 50 points (over 1 meter)

Points shall also be awarded to individual boat totals for qualifying fish weighed and tagged and released by Day members.

10. TROPHIES

A list of trophies with condition and winner shall be published annually in the Club's yearbook together with a list of trophies not awarded and their conditions.

If a species of fish for a Club trophy is not caught within Chart 54, that trophy may be awarded to a fish caught within NZ Territorial waters.

rules for sponsored fishing tournaments

Headquarters

Headquarters for each contest will be the Sulphur Point Clubrooms. Tournament communications will be through VHF Channel 3 or Coastguard VHF Channel 66.

Eligibility

All anglers must be current financial members of the Tauranga Sport Fishing Club or other NZSFC member club, or have a paid current Day Anglers Fishing Card. All fish are eligible provided they are species nominated for the contest, exceed the minimum weight and were caught on line not exceeding 60kg test, or line specified for a particular contest.

Fishing Area

All water encompassed in Hydrographic Modified Chart number NZ54 - Cuvier Island to East Cape. Line north of Lottin Point northwards as per Sponsors Grid Chart.

Entries

Entry forms accompanied by contest fees must be received by the TSFC Office, Sulphur Point by the time specified on the entry form. Entries will be accepted by direct debit or on our website at www.tsfc.co.nz up until the day prior to the event. After this time, entries will only be accepted at the Club. Contest starting dates and times will be detailed on the entry form for each contest.

Teams

Anglers may fish tournaments as individuals including fishing from PWCs and kayaks as long as they have communications with Coastguard Channel 01 or a support vessel. Anglers may transfer from boat to boat during the contest, but fish or points are not transferable and remain with the nominated boat. Contest headquarters must be notified immediately in writing of any angler transfers.

Cancellation of contest

There will be, in the main, no cancellation of a contest. If, due to the extenuating circumstances or severe weather conditions, the contest is cancelled or postponed, notification of such cancellations will be before start fishing on any given day of the contest.

Refunds

If a full cancellation occurs and no further date is set for the contest, the Administrator shall, upon written application from the team captain, refund the contest fees. Full refunds will be given for any reason prior to the tournament provided it is requested 24 hours before briefing.

Briefing

Briefing is compulsory and the team captain or nominated team member fishing the tournament must register at briefing night and attend and remain until the conclusion of briefing unless prior approval to not attend has been given by the Tournament Convenor.

Stop Fishing

Stop Fishing shall be the end of the contest. All catch cards must be in the weighmasters hands by final weigh in time on the last day of the tournament. Fish caught after weigh in time on all days except the last day of the tournament will go into the next days catch.

Weighstation

The weighstation for all contests will be the TSFC Contest Headquarters at Sulphur Point. All fish must be weighed from the boat on which they were caught.

Condition of Capture

All fish to be presented to the weighstation fresh or chilled but not frozen.

Catch Cards Normal TSFC Catch Cards will be used and must be completed by the time of the weigh in.

Minimum Fish Weights

The minimum weights for fish in all sponsored tournaments unless otherwise stated on the tournament entry form are:

Billfish 90kg	Tuna 15kg
Albacore 7kg	Skipjack 5kg
Mahimahi 4kg	Kingfish 1 meter
S/B Spearfish 10kg	Snapper 2kg
Broadbill must exceed line weight	

Line Breaking Strain

The maximum line breaking strain used shall be 60kg.

Braid: Braid may be used in tournaments. If the events are line class events, then the top-shot rule applies.

Disputes

The TSFC Committee will appoint judges to investigate disputes. Such disputes must be received by contest headquarters in writing within three hours of the contest closing time. The decision of the judges will be final.

Weighmasters

Any authorized weighmaster may weigh fish.

General

The above Rules of the Tauranga Sport Fishing Club Inc. take precedence over Club Rules for Pins and Trophies and IGFA Rules during sponsored contests only. However, IGFA Rules will cover any matters not covered by these rules. All fish caught during a sponsored contest by current financial members of the TSFC are eligible for Club Records, Pins and Trophies providing the fish has been caught in accordance with the TSFC Rules for Pins and Trophies. This does not apply for Day anglers. Points will be awarded to boats for fish caught by Day Anglers. This applies to the following trophies only: Most Billfish points from a private launch – “Lady Luck Trophy” and Most Billfish points from a commercial launch – “De Luxa Trophy”.

Rule changes may be implemented prior to the start of the event for any reason and will be communicated clearly at briefing.

LONGEST KINGFISH & SNAPPER MEASURE AND RELEASE CATEGORIES

The fish must swim away and be returned in good condition for an entry to be eligible.

LENGTH PHOTO REQUIREMENTS;

A. MEASURING REQUIREMENTS

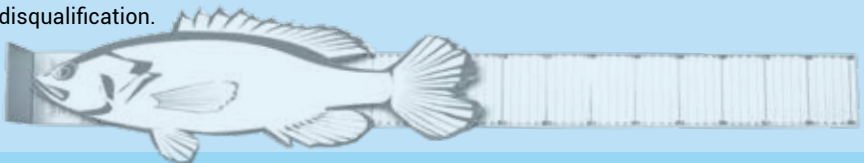

1. Fish must be measured using a IGFA, NZ Fishing Competition, Decoro or Top Catch measure board. Measure boards should be used on a flat surface. No other measures accepted unless checked with Tournament Convener.
2. The fish's snout must be touching the nose stop with the mouth closed and free of lures or lifting devices.
3. With the fish lying on top of the measuring device, measurements will be taken from the most forward part of the fish's snout with the mouth closed to the rear centre edge of the tail.
4. All measurements will be made in 0.5 centimetres increments.
5. Fish that measure between increments shall be recorded at the lower of the two increments. For example, a fish that measures between 45 and 45.5 centimetres will have a recorded length of 45 centimetres. This is determined by the last line that falls inside of the fork in the tail. A fork length "on the line" will mean again the lower of the two increments.

B. PHOTOGRAPHIC REQUIREMENTS

All measured and released fish require photographic evidence clearly showing the fish on a TSFC approved measure board. Photographs included with applications must contain the following information.

1. The full length of the fish on the measuring device clearly showing the position of the mouth and tail. The fish may be held in position, but must be done in a manner that does not obscure the view of the fish on the tape.
2. A close up showing the position of the fish's nose and tail on the measuring device.
3. Every fish must have the angler number included in the picture (placed on the fish) Angler numbers are issued at registration and will be your Angler Number.
4. If in doubt take extra photographs, or even GoPro footage to authenticate.
5. All photographs must be digital and recorded on SD or CF cards or be able to be emailed from cell phones so that resolution is clear (when zoomed in) Please bring in USB lead to the camera for any other format. Photos can be emailed to office@tsfc.co.nz or roly@tsfc.co.nz and must be high enough resolution to clearly see measure.
6. All entries must be submitted on a TSFC catch card and presented to the weigh station. Angler complete with catch card, measure board and photographic proof must be at the weigh station by final weigh in time.

Any doubt as to the authenticity or accuracy of the measured fish will result in disqualification.

tournament convenors report

The 2018/19 season will probably best be remembered for the great Bluefin run and one of the best One Base Tournaments for some time. A wonderful combination of big blue marlin, good weather, good luck, fun loving competitors and of course outstanding sponsors all made for some special times... that's for sure!

This year we ran 13 of our own tournaments and hosted 8. With the start of the season being pretty challenging with inclement weather, as we eased into February it did seem to get better as we managed to run all of our events. (Although the Fish N Chicks did get it tough again! Next year Ladies will be perfect!)

The Sponsors Grid again this past year was the financial corner stone for our events and the club operations with sponsors contributing generously back in June for a slice of the grid real estate. While we do our best to promote our sponsors, the true benefit for a sponsor is when members choose to shop, rent, hire or purchase from a sponsor. So please support our sponsors so that they choose to sponsor us.

This past year we have had some wonderful new sponsors with Stoney Creek coming on board and really getting in behind the One Base. The starter bag giveaways were simply next level and the clothing throughout the prize pool was simply outstanding.

Mix Up Concrete also replaced our long time Bridgeman Concrete sponsor for our ladies event Fish n' Chicks, so it was great to show Mix Up what was involved with this awesome

event. Great Hero Shots prizes thanks to the team at Spark Business Hub and every year the ladies just seem to 'up the ante' when it comes to the Fancy dress.

Finally, well done to all of our new Club, New Zealand and World record breakers. It's been so good to see our younger anglers dominating in this space and as a Club our challenge is continuing to attract the kids and families to our wonderful Club.

With too many event to go through we would like to acknowledge all of our event sponsors, grid sponsors and volunteer sponsors as together it is these people and business that make events in the Tauranga Sport Fishing Club something special. The calendar is set already for the 2019/20 season and is available online, so to all of our anglers please check it out! It is packed with great events this season. So come and get involved, there will be good fish to catch, prizes to be won and fun to be had. We look forward to seeing you this coming season!

annual prizegiving 2019

BECOME A WISH 4 FISH SUPPORTER!

Annual membership only \$200 a year and includes...

- A special invite to a Supporters Club Dinner/Event to feature a guest speaker, auction items, cash bar, and networking opportunities. There will also be special exclusive draws for prizes for Supporters Club Members during the evening.
- The event will be held in July in Auckland (date to be confirmed) and in September in the Bay of Plenty
- Discounted entry to Wish 4 Fish fishing competitions.
- Mention on the Wish 4 Fish website as a supporter.
- Regular email updates and Supporters Club Members' special draws for prizes and giveaways.
- Discounted rates on any Wish 4 Fish merchandise, i.e. clothing and fishing tackle.
- A supporters pack including a wrist band and a membership certificate for that year.

All funds raised will go into the General Fund of the Wish for Fish Charitable Trust (CC 46562). Funds will be used to push toward the ultimate goal of acquiring a modified sea-going vessel suitable for the disabled.

TO JOIN

contact Bryce 021 616 601
or go to www.wish4fish.co.nz

"Help Bryce and his team achieve their dream- enabling fishing for the disabled."

Launch: Cortez
Date: 06 Feb 1999

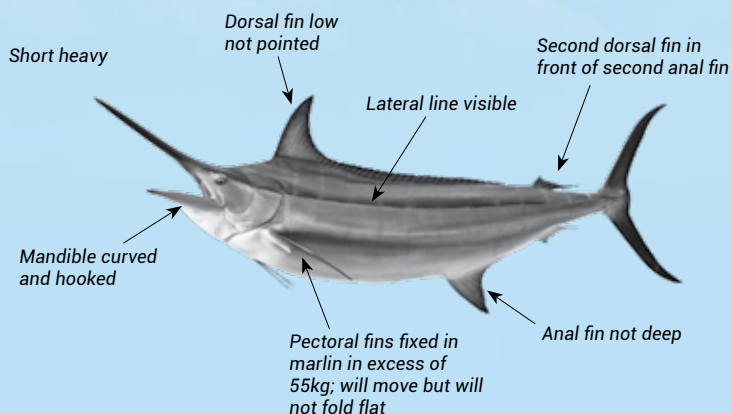

Black Marlin

Angler: Beni Hafoka
Weight: 375.000kg
Launch: Jan's Decision Date: 07 Jan 2012

key to billfish identification

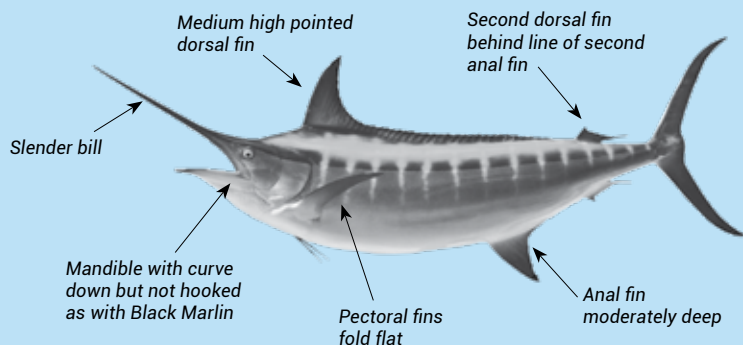

BLACK MARLIN

Heavy round bill; down-curved heavy mandible (lower jaw); low rounded dorsal less than half body depth; pectoral fins curved with aerofoil in section-fixed (immovable) in Black Marlin more than 55kg (120lb); second dorsal in front of start of second anal fin; anal fin depth about equal to height of dorsal; tail semicircular; single lateral line visible in most weights, particularly juveniles and jumbo size marlin.

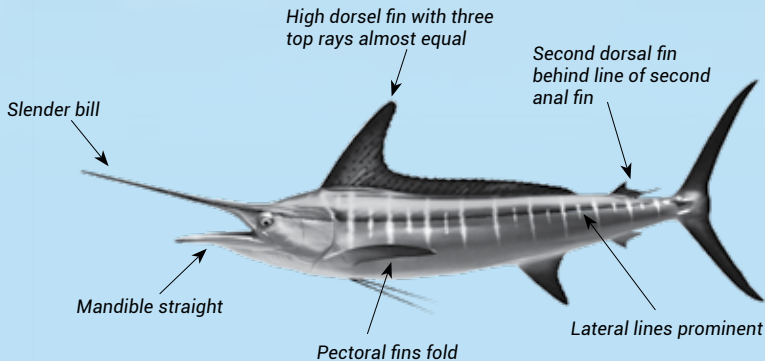

BLUE MARLIN

Moderately heavy round bill; slightly curved mandible (lower jaw); medium high dorsal; pointed dorsal about three quarters of body depth; pectoral fins tapered and flat; second dorsal behind line of start of second anal fin; anal fin medium depth; tail strongly semi-circular; lateral line not visible in adults. Atlantic Blue Marlin has as many as three or more chain links. Pacific Blue Marlin has single chain link and partially single lateral line.

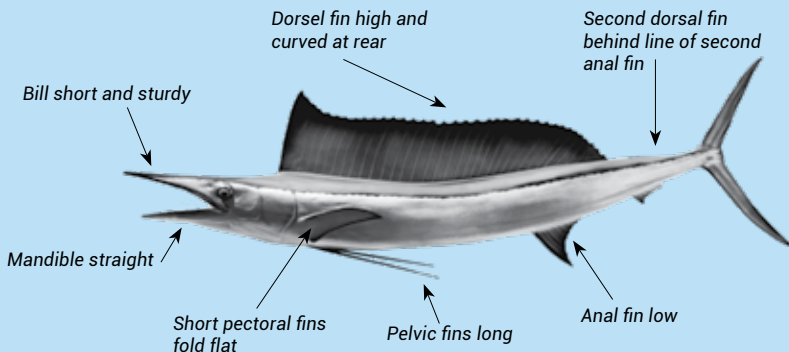

STRIPED MARLIN

Slender round bill; long straight mandible (lower jaw); high dorsal-first three high rays almost equal height; dorsal about equal to body depth-not so obvious when larger than 120kg; pectoral fins tapered and flat; second dorsal behind start of second anal fin (anal fin deep); tail slightly veed, cut away at tips of both lobes of tail; flesh above eyes shows eye when skin is removed; single lateral line clearly visible. Flesh of most marlin is white, grey or pinkish. Flesh of striped marlin is sometimes light but often orange. Even if body flesh is light in colour, a section above the eye will show orange when skin section is removed.

SHORTBILL SPEARFISH

Very short round bill - not much longer than straight mandible (lower jaw); dorsal long and high, highest at front, rounded at tail; short pectoral; anus separated from anal fin bt approx length of depth of anal fin; tail veed.
