# president's report

*Adaption of the Presidents report tabled at the AGM*

**I would like to especially thank Jill, Roly, Aaron, Deryk, Eric, Adam, Leanne and Jo for all their support during a year. We have jointly had to make a number of pretty tough decisions and deal with some interesting issues over the year.**

We congratulate all our anglers who have achieved personal, club, national and international goals. We also acknowledge and thank all our club members who have supported the club throughout the year.

I intend to break with tradition, and instead of talking about Medals and Gongs, I will talk about:

- Club Finances
- The Management Enhancement Program we have recently undertaken
- NZSFC affiliation and the fees we pay
- In House Club Business Mentors. - Should we elect a couple of well- respected members each year to be available to offer advice as required to the TSFC Club executive?

## CLUB FINANCES

Our budget for the F/Y 2018 was a 20k positive margin. The final result was a deficit of 56k  
Key factors contributing to a 56k deficit were:

- Stricter accounting depreciation rules/reporting and the resultant increase of 32k on buildings taking total depreciation to 55k for the year. This was debated vigorously with our auditor, and some concessions were gained, however we cannot avoid recording the adjusted book (non cash) entry in our annual accounts. This building depreciation will continue in the years ahead.
- Reduction in ASB Easy Fund dividend, projected to be around 8k by advisors, however international economic factors have intervened and it is less than half the predicted amount. The economists are optimistic of an improved result in the coming year, and we are hopeful of a better outcome next year.
- Restaurant losses 28k (operating loss 10k and Extraordinary 18k). These have included some large capital costs (e.g. replacement chiller) which were unbudgeted at the beginning of the year, and some staff and related expenses that were unavoidable for us.
- Other - 8k – trading

## Summary of Variance 76k

### Key Governance indicators in the performance report are;

- Cash Flow shows actual (16k) compared to P&L report (56k)
- This shows that although we are recording 28k losses in Restaurant, we managed to only burn 16k cash over-all – In my view a respectable result.
- The Club actually managed to absorb some pretty lumpy Extraordinary Costs and Losses resulting with minimal adverse effect on cash flow.

## 2018-2019 TSFC Budget

A relatively conservative budget has been prepared for the year ahead, and we will work on

monitoring it very closely, however we are optimistic that other governance initiatives will allow us to record a respectable positive result. - DN

### **TSFC MANAGEMENT ENHANCEMENT PROCESS & OUTCOME**

**Process:** Six months ago the executive met to discuss several papers written by Eric and Tony bringing attention to Management deficiencies delivering an acceptable level of Hospitality and Growth.

The executive then agreed to engage Russell Drake Consulting to prepare some independent advice on how we could improve Club management with particular focus on hospitality.

Russell Drake consulted with all key staff for their input and made a recommendation to the executive.

- **Stage one** will be the appointment of a new Hospitality Manager who will be responsible for the front-of-house event promotion, HR, restaurant and bar operation
- **Stage Two** will be a review of the Club management structure, including responsibility for membership, promotion, fishing events, administration and accounting, as well as stage one above.

### **Management Enhancement Program will deliver:**

- Increased membership
- Increased events, delivering increased revenue
- Improved service and Experience while dining and socializing
- Increased financial capability of TSFC so that it will no longer be so dependent on the ♦

generosity of members and sponsors to survive as is currently the case. Yes, it needs to stand on its own feet.

### **TSFC AFFILIATION FEES OF 24k Annually paid to NZSFC**

Our Committee has for two years been questioning quality of governance and service we as TSFC members receive---Do we get a bang for our buck!

I can report that your committee has played a major hand in questioning the performance and governance of NZSFC board of directors and we have been guaranteed better service and governance is in the wings.

I would also like to confirm that recently we met with Peter Campbell Vice President of the NZSFC to thrash out an issue regarding questions we had asked of NZSFC some time ago relating to other Clubs doctoring membership subs to the tune of many thousands of dollars leaving Clubs like TSFC to subsidise the Clubs. I can confirm Peter has stepped in and swiftly confirmed NZSFC policy with a letter confirming NZSFC will be applying the rules fairly in future. Thank you Peter and Deryk for your support.

### **BUSINESS MENTORS-** Available for TSFC executive to lean on occasionally for advice?

Tony Kinzett has proposed that we consider this, and it is advice well received. The incoming committee have undertaken to follow this recommendation.

Thank you

**Tony Dolman**

## manager's report

---

As I roll into my fifth year at the Club, the past twelve months has brought about considerable change. The Salt Kitchen management opted not to renew their lease back in October presenting the Club with an opportunity to run our own restaurant. So from November the Club took over the kitchen naming it the A-BUOY Marina Restaurant and immediately employed staff as well as re-furnishing the space with new dining chairs. The additional management of the restaurant business has been an adjustment for the committee, management as well as members and we would like to thank members for your support through this time.

Our summer and winter menu's looked to cover a range of tastes and to date we have been mostly very happy with the food that our kitchen has been producing. Improving systems and upskilling staff has been a learning curve particularly at event times, so we were thrilled to get Pedro (a previous TSFC caterer) back for a short term as a mentor to help set up the menu

and create good systems and structures. Please come and support the restaurant, the food is great and the view from the deck outstanding on a good day!

We hope you enjoy the new layout and fresh changes to this yearbook. We believe the switch to INK IQ is just what the yearbook needed and would like to thank Jodie Gollop for her contributions to this and the many bits of artwork throughout the year.

The sponsors grid auction and sponsors evening continues to be a fantastic evening for the Club and we cannot thank our sponsors enough for their support. Please familiarise yourselves with the sponsors grid and support these businesses that support your Club. For the sponsors we will be working hard at this end to give you as much value as possible across a range of media.

With the fishing events running very well and tournament receipts and sponsorship strong it has become the focus of the committee to look more closely at strengthening our social rituals and club evenings. Fostering more socially focused activities it's hoped will boost club foot traffic outside of event times. To achieve this we have undertaken an independent Club review that has highlighted the best way to put a structure in place to achieve these goals. So we look forward to reporting on this in the near future.

The Club has always been a great place to catch up with friends, family and your fishing mates. We are in a superb location so make sure you spread the word and invite your guests down and let's keep the Club moving forward!

### Disputes

The TSFC Committee will appoint judges to investigate disputes. Such disputes must be received by contest headquarters in writing within three hours of the contest closing time. The decision of the judges will be final.

### Weighmasters

Any member of the TSFC committee and weighmaster list is authorized to weigh fish.

### General

The above Rules of the Tauranga Sport Fishing Club Inc. take precedence over Club Rules for Pins and Trophies and IGFA Rules during sponsored contests only. However, IGFA Rules will cover any matters not covered by these rules. All fish caught during a sponsored contest by current financial members of the TSFC are eligible for Club Records, Pins and Trophies providing the fish has been caught in accordance with the TSFC Rules for Pins and Trophies. This does not apply for Day anglers. Points will be awarded to boats for fish caught by Day Anglers. This applies to the following trophies only: Most Billfish points from a private launch – "Lady Luck Trophy" and Most Billfish points from a commercial launch – "De Luxa Trophy".

## tournament convenors report

The Club ran and hosted 20 fishing tournaments in the past year, making our Club tournament calendar one of the busiest in the country. One of these was the Big Four Event which was run in conjunction with the Te Puna Hunting & Fishing Club. Now in its second year this event attracted 1000 keen anglers and hunters who competed over a week, all culminating in a massive prize giving! This has proven to be a fantastic networking event and exposure for our Club with numerous competitors joining the TSFC!

We just had so many awesome events this year, and thankfully we got most of them away although the weather was pretty marginal for a couple of them. Here are a couple of tournament insights;

Our flagship A1 Homes One Base event is still in hot demand with the 100 team cap and extensive waiting list. Although the introduction of a Wild Card draw allowed an additional 15 teams to compete this year and contributed to a larger prize pool for the event. Well done to Maree Atkinson on Sansparel winning the event with a 209.2kg Blue Marlin (incredibly this is the second time Maree has won this event...EPIC!)

The Hirepool Trailer Boat Tournament this year was a boomer almost doubling the number of anglers from the previous year. It was fantastic seeing so many sponsors taking the offer to turn up and fish. The Hero shot this year was hotly competed with some superb fishing shots turning up and the large species schedule drawing the anglers. Thanks again to Scott and Mig from the Fishing & Adventure show for all of your support!

The All About Construction Game On Tournament for the third year running ran the boat Calcutta allowing every boat to bid at auction on their boat or another in the hope they dominated the boat billfish points. A big thank you to Stu Langdon, our full of life auctioneer, who always makes these events entertaining and in the process this year raised \$9330. This event was

made even more special with the capture of a massive 350.2kg Blue Marlin to Colin Markov fishing on Ocean Monarch.

The Bridgeman Concrete FISH N CHICKS Tournament dates this year collided with a storm which this year confined the ladies to the harbour. Not a problem for this crew though with some wonderful photos submitted and actually some pretty nice fish caught. Of course the party and the fancy dress proving this event is just as much a social gathering as much as it is a fishing tournament!

The Broadbill Challenge was back and with an exciting twist, with the help of Bay Insurance Brokers we offered a \$10,000 cash prize for the first sword caught over 250kg. Statistically it looked like a longshot as there had only ever been one fish caught over this mark in the Clubs' 95 year history, this going to L Chinn back in 1969. No one told Tony Dolman that though who slotted a 255.4kg sword through the uprights to claim the cash!

Welcome back to the MOUNT ITM crew again signing up for the Billfish Bonanza along with Hool Marine and Go Fuel. Ocean Monarch struck again with Colin Markov able to do no wrong this season winning the event with a 211.4kg Blue Marlin. We recorded five striped marlin in the tag and release category, plus a yellowfin and a spearfish kept the weigh station busy on Sunday, while the mahi mahi proved elusive at the end of the season.

Overall the 2017-18 season was again a busy one even though fish catch was slightly down from the previous year. A big thank you to our fish committee who helped plan and run these events and the numerous volunteers that assist is through the year. Also thanks to Courtenay in our office for

compiling results and sorting angler lists and thank you to YOU the angler for coming and competing!

Finally I'd like to offer a big shout out to all of our tournament sponsors as it is their support that enables us to put on such great events.
