HOW IT WORKS

The table above shows you the draw dates and sums to be won. If the membership draw is won by a member that is present they receive \$100. The prize pool for the next draw is then reset to \$100 - a new Week 1.

If the membership drawn is not a live number (i.e. not allocated to a member) another draw will take place to select a live membership number. If the member is not present the first prize amount is added to the prize pool and paid to the next winner. If during the first week the draw is not won the prize pool for the second draw becomes \$200. The prize pool continues to accumulate until it is won. Once won the prize reverts back to \$100.

THE DRAW

Is at 6.30pm every Tuesday night. Members **MUST** be present at the draw and be current and financial to be eligible. Presentation of the current season membership card will be accepted as proof of "current status".
